## Stabilised Chlorine Granules

		No in pack	Unit Price	Price
<b>S SFCG02/6</b>	2kg Swimfresh Chlorine Granules	6	£27.50	<b>£165.00</b>
<b>S SFCG05/4</b>	5kg Swimfresh Chlorine Granules	4	£57.75	<b>£231.00</b>
<b>S SFCG10</b>	10kg Swimfresh Chlorine Granules	1	-	<b>£112.50</b>
<b>S SFCG25</b>	25kg Swimfresh Chlorine Granules	1	-	<b>£276.00</b>

## Stabilised Chlorine Tablets

		No in pack	Unit Price	Price
<b>S SFCT02/6</b>	2kg Swimfresh Chlorine 200gm Tablets	6	£28.66	<b>£172.00</b>
<b>S SFCT05</b>	5kg Swimfresh Chlorine 200gm Tablets	1	-	<b>£72.50</b>
<b>S SFCT10</b>	10kg Swimfresh Chlorine 200gm Tablets	1	-	<b>£139.00</b>
<b>S SFCT25</b>	25kg Swimfresh Chlorine 200gm Tablets	1	-	<b>£341.00</b>
<b>S SFMT025/6</b>	2.5kg Mini Chlorine 20gm Tablets	6	£39.33	<b>£236.00</b>

## Combi Tablets

		No in pack	Unit Price	Price
<b>S SFACT5</b>	5Kg Aftershock Combi tablets - fast dissolving tablet top followed by long term slow dissolving stabilised chlorine disinfection	1	-	<b>£78.60</b>

## Bromine

		No in pack	Unit Price	Price
<b>S SFBT05/4</b>	5kg Bromine Tablets	4	£106.25	<b>£425.00</b>

## Starter Kit - Ideal for small pools or spas

		No in pack	Unit Price	Price
<b>S SFA6SK/4</b>	Swimfresh Chemical Starter Kit Contains: 500gm Chlorine Granules, 500gm pH Increaser, 500gm pH Reducer, 500ml Algicide, Pack of 25 3-way Test Strips & Instruction Booklet	4	£48.75	<b>£195.00</b>

## Multi-Functional Stabilised Chlorine Granules

		No in pack	Unit Price	Price
<b>S SFMCG02/6</b>	2kg Swimfresh Multi-Functional Chlorine Granules	6	£27.50	<b>£165.00</b>
<b>S SFMCG05/4</b>	5kg Swimfresh Multi-Functional Chlorine Granules	4	£58.50	<b>£234.00</b>

Multi-functional chlorine granules and tablets have added clarifier and algicide to help enhance and maintain water quality.

## Multi-Functional Chlorine Tablets

		No in pack	Unit Price	Price
<b>S SFMCT05</b>	5kg Swimfresh Multi-Functional Chlorine 200gm Tablets	1	-	<b>£77.00</b>
<b>S SFMCT10</b>	10kg Swimfresh Multi-Functional Chlorine 200gm Tablets	1	-	<b>£150.00</b>
<b>S SFMMT05</b>	5kg Swimfresh Mini 20gm Tablets	1	-	<b>£81.00</b>

## Floating Dispensers - Stabilised Chlorine Tablets

		No in pack	Unit Price	Price
<b>S SFCD/6</b>	1.6kg Swimfresh Floating Dispenser - to suit pools from 5,000 up to 20,000 gallons	6	£24.33	<b>£146.00</b>

## Blue Horizon

		No in pack	Unit Price	Price
<b>L BHF8/8</b>	Blue Horizon 720g Ultimate Multi-Functional Dispenser	8	£17.25	<b>£138.00</b>

Pre-filled with stabilised chlorine tablets, with added clarifier and algicide. Slowly dissolve over a 3-5 week period, adjustable chlorine delivery for pools between 5,000 and 20,000 gallons.

## Blue Horizon

		No in pack	Unit Price	Price
<b>L BHPF/12</b>	Blue Horizon Pop-Up Pool Floater - Pack of 12 x 80g	12	£9.58	<b>£115.00</b>

Each 80g floating dispenser provides a convenient 2 - 4 week chlorine treatment for smaller (1000 - 5000 Ltr) pools and spas. Containing stabilised chlorine tablets for slow release sanitisation and the base can be rotated to adjust chlorine release depending on demand. There are 2 x 80g Pop Up Floaters per pack.

# Swimfresh Pool Chemicals

## - Balance & Shock

### pH & Alkalinity Reducers

		No in pack	Unit Price	Price
<b>S</b>	<b>SFPHR07/2</b> 7kg Swimfresh pH & Alkalinity Reducer (Dry Acid)	2	£21.50	<b>£43.00</b>
<b>S</b>	<b>SFPHR25</b> 25kg Swimfresh pH & Alkalinity Reducer	1	-	<b>£58.90</b>
<b>S</b>	<b>SFTAR5/2</b> 5 Ltr TA Reducer	2	£23.85	<b>£47.70</b>

### pH Increasers

		No in pack	Unit Price	Price
<b>S</b>	<b>SFPHI05/4</b> 5kg Swimfresh pH Increaser (Soda Ash)	4	£19.00	<b>£76.00</b>
<b>S</b>	<b>SFPHI25</b> 25kg pH Increaser (Soda Ash)	1	-	<b>£51.00</b>

### Alkalinity Increaser

		No in pack	Unit Price	Price
<b>S</b>	<b>SFAI05/4</b> 5kg Swimfresh Alkalinity Increaser (Sodium Bicarbonate)	4	£18.75	<b>£75.00</b>
<b>S</b>	<b>SFAI25</b> 25kg Alkalinity Increaser	1	-	<b>£53.60</b>

### Calcium Hardness

		No in pack	Unit Price	Price
<b>S</b>	<b>SFCHI05/4</b> 5kg Swimfresh Calcium Hardness Increaser	4	£18.85	<b>£75.40</b>
<b>S</b>	<b>SFCHI25</b> 25kg Calcium Hardness Increaser	1	-	<b>£55.00</b>

### Blue Horizon - Pool Fusion

		No in pack	Unit Price	Price
<b>L</b>	<b>BHPFAS/20</b> Blue Horizon - Pool Fusion	20	£10.25	<b>£205.00</b>

Pool Fusion is the ultimate product for regular oxidation of swimming pool water. Supplied in a convenient 175g one-treatment sachet, Pool Fusion burns out wastes to enhance bather comfort, whilst a built in clarifier helps to achieve shimmering, sparkling water. To apply, simply cut the corner off the sachet and add directly to your swimming pool water. One 175g sachet treats up to 5,000 gallons (45m³) of pool water and should ideally be applied weekly.

### Calcium Hypochlorite - Shock / Sanitiser

		No in pack	Unit Price	Price
<b>S</b>	<b>SFQS02</b> 2kg QuickShock - Quick Dissolve Calcium Hypochlorite	1	-	<b>£36.75</b>
<b>S</b>	<b>SFQS05/4</b> 5kg QuickShock - Quick Dissolve Calcium Hypochlorite	4	£77.25	<b>£309.00</b>
<b>S</b>	<b>SFSG02/6</b> 2kg Shock / Sanitiser Granules	6	£25.50	<b>£153.00</b>
<b>S</b>	<b>SFSG05/4</b> 5kg Shock / Sanitiser Granules	4	£48.25	<b>£193.00</b>
<b>S</b>	<b>SFCCP048</b> 4.8kg Swimfresh Calc Chlor Pods	1	-	<b>£77.85</b>

### Oxygen Shock Granules (Non-Chlorine Shock)

		No in pack	Unit Price	Price
<b>S</b>	<b>SFOSG01/6</b> 1kg Oxygen Shock Granules	6	£23.66	<b>£142.00</b>
<b>S</b>	<b>SFOSG05/4</b> 5kg Oxygen Shock Granules	4	£74.75	<b>£299.00</b>

Pallet quantities or bulk buys are available to benefit from, as well as promotional material and display stands. Please contact CertiChem to discuss your requirements on 01993 778855 or email to [certichem@certikin.co.uk](mailto:certichem@certikin.co.uk)

Unless sold individually, products only supplied in case quantities.

pH & Alkalinity Reducers

pH Increasers

Alkalinity Increasers

Calcium Hardness

**NEW**

New for 2018, 300g unstabilised chlorine tablets. Sleeved for slow, consistent chlorine release, these tablets last for up to 5 days. They are safer to handle and contain no cyanuric acid. **CAUTION:** Swimfresh Calc Chlor Pods are not suitable for chlorine feeders / dispensers.

Test Strips

## Algicides - Copper Free

		No in pack	Unit Price	Price
<b>S</b>	<b>SFCFA02/6</b>	2 Ltr Swimfresh Copper Free Algicide	6	£29.66
<b>S</b>	<b>SFCA01/6</b>	1 Ltr Swimfresh Regular Algicide	6	£14.66
<b>S</b>	<b>SFWF05/4</b>	5 Ltr Winterfresh-Copper Free Algicide. Winterfresh contains stain and scale inhibitors to help protect the pool over wintertime or all year round	4	£42.75

## Algicides - Copper Based

		No in pack	Unit Price	Price
<b>S</b>	<b>SFCBA02/6</b>	2 Ltr Swimfresh Copper Based Algicide	6	£25.83

## Clarifiers

		No in pack	Unit Price	Price
<b>S</b>	<b>SFCL01/6</b>	1 Ltr Swimfresh Liquid Clarifier	6	£11.83
<b>S</b>	<b>SFCT/12</b>	0.5kg S/Fresh Clarifier Tablets (Tubes)	12	£15.00
<b>S</b>	<b>SFUC/20</b>	20 Ltr Swimfresh Ultimate Clarifier Recommended for use with OC-1 media	1	-

## Flocculants

		No in pack	Unit Price	Price
<b>S</b>	<b>SFGF02/6</b>	2kg Swimfresh Granular Floc - Aluminium based, ideal for water clarity and phosphate (algae food) removal	6	£11.33
<b>S</b>	<b>SFGC/12</b>	Swimfresh gel cubes blister pack 2x70g cubes(one cube doses 11,000 gallons)	12	£6.87

## Chlorine Reducer

		No in pack	Unit Price	Price
<b>S</b>	<b>SFCLR1/6</b>	1kg Chlorine Reducer (sodium thiosulphate)	6	£12.33

Chlorine Reducer is used to lower bromine or chlorine levels in pool water after shock treatment procedures, or as a problem solver if the pool has been accidentally 'overdosed' with chlorine or bromine.

## Stabiliser (Cyanuric Acid)

		No in pack	Unit Price	Price
<b>S</b>	<b>SFCS2</b>	2kg Chlorine Stabiliser Granules (Rapid Dissolving)	1	-

Rapid Dissolving Chlorine Stabiliser Granules help to prevent chlorine loss to sunlight. This is especially useful when unstabilised chlorine products are being used. Add to pool water on first fill, or when substantial fresh water has been added after backwashing or heavy rainfall, to maintain a cyanuric acid level of 30-60ppm.

## Phosphate Remover

		No in pack	Unit Price	Price
<b>S</b>	<b>SFPR1/6</b>	1 Litre Phosphate Remover	6	£22.00

Phosphate Remover is a powerful liquid based product for removing phosphates (food for algae), from pool water. As a result algal growth will be greatly diminished, meaning less cleaning and vacuuming will be required to maintain crystal clear, algae free water.

## Swimfresh - Test Strips

			Price
<b>A</b>	<b>SFTEST</b>	Swimfresh Test Strips. Bottle of 50 test for chlorine, bromine, pH & alkalinity.	£12.50

Unless sold individually, products only supplied in case quantities.

# Swimfresh Specialities

## Swimfresh - Heat Shield

		No in pack	Unit Price	Price
<b>S</b>	<b>SFHS2/6</b>	2 Ltr Heat Shield	6	£31.66
				<b>£190.00</b>

Saves heat loss when the pool is uncovered and is ideal for pools which are coverless such as kidney shaped or freeform pools. It forms a harmless, ultra-thin, invisible barrier on the water's surface to reduce evaporation. Acts as a solar pool blanket for up to one month, can be hand dosed and is compatible with all sanitisers. Dose rate 150ml per 45m<sup>3</sup> per month.

## Swimfresh - Metal Master

		No in pack	Unit Price	Price
<b>S</b>	<b>SFMM1/6</b>	1 Ltr Metal Master	6	£23.66
				<b>£142.00</b>

Metal Master is an effective product for both the prevention and treatment of stain causing metals. This special formulation is designed to prevent metals from dropping out of solution and also works to clear water discoloured by metals. Metal Master is a phosphate free formula and is dosed directly to the pool with circulation running.

## Swimfresh - Stain Cure

		No in pack	Unit Price	Price
<b>S</b>	<b>SFSTAIN1/6</b>	1Kg Stain Cure	6	£20.33
				<b>£122.00</b>

Stain Cure's all natural formula is designed to remove unsightly stains caused by excess metals in pool water. Effective in removing iron, copper and manganese staining which may appear as brown, grey, turquoise, or black stains. With circulation pumps off, sprinkle Stain Cure into the pool over the main 'spotted' areas of staining for 1 hour before resuming circulation. Works on all surfaces including vinyl & fibreglass

## Swimfresh - Spring Cleaner

		No in pack	Unit Price	Price
<b>S</b>	<b>SFSC05/2</b>	5 Ltr Spring Cleaner (Acid Wash)	2	£27.25
				<b>£54.50</b>

## Swimfresh - Tile & Liner Cleaner

		No in pack	Unit Price	Price
<b>S</b>	<b>SFTLC02/6</b>	2 Ltr Tile & Liner Cleaner	6	£18.33
				<b>£110.00</b>

## Enzyme Water Cleaner

		No in pack	Unit Price	Price
<b>S</b>	<b>SFEWC1/6</b>	1Ltr Enzyme Water Cleaner	6	£20.83
				<b>£125.00</b>

Swimfresh Enzyme Water Cleaner is an ideal 3-in-1 weekly maintenance product. It will clarify pool water, control phosphates (algae nutrient) and help naturally degrade body oils, cosmetics and other organic wastes, which if untreated can result in scum build-up and waterline rings.

## Swimfresh - Scale Off - Covers & Surrounds

		No in pack	Unit Price	Price
<b>S</b>	<b>SFOFF5/4</b>	Scale Off - For Covers & Surrounds	4	£61.50
				<b>£246.00</b>

## Swimfresh - Filter Cleaner

		No in pack	Unit Price	Price
<b>S</b>	<b>SFLFC/6</b>	1 Ltr Liquid Filter Cleaner	6	£16.25
				<b>£97.50</b>

Unless sold individually, products only supplied in case quantities.

## When only the best will do!

- Swimming pool heat pumps
- Environmental climate control systems
- Swimming pool dehumidifiers
- Water chillers for sport recovery and spas

**calorex**

Calorex is renowned for its innovation, range and exceptional quality of products. Supported by an expert sales and service team, Calorex is dedicated to meeting our customers requirements to the very highest standards.

# Own Label Pool Chemicals

**We are pleased to offer the facility to personalise chemicals.**

Listed is our standard range for own labelling. However if you have a high volume demand for any water treatment product not listed, just give us a call and we will do our best to accommodate your requirements.

## Interested in own label service from Certikin?

We offer a free of charge set-up service for standard own labels, in return all we ask is a minimum spend of £3,000 per annum for this service.

Except where a product is sold individually, products are only supplied in case quantities.

We also offer a range of own label spa chemicals.

For a bespoke quotation and full terms of supply for own labelling, please contact a member of the CertiChem team on 01993 777200 or email to: [certiChem@certikin.co.uk](mailto:certiChem@certikin.co.uk)

FIOA/4

FIAOT3/4

FINCS/2

Fi-Clor Active Oxygen is a Chlorine free disinfection system that does not generate unpleasant by-products such as chloramines. The use of Active Oxygen also eliminates a number of problems associated with Chlorine such as irritation of the eyes and skin, unpleasant odour and a variation in chlorine levels.

<b>H TKCPT/TC</b>	Replacement Test Tubes (pack of 5)	<b>£11.50</b>

Tests for 3 important parameters in seconds: Free Chlorine/Bromine, pH, Total Alkalinity.

Spend more time relaxing not guessing with AquaChek® TruTest® automated colour matching!

## AquaChek TruTest

		Price
<b>A ACTRU</b>	AquaChek TruTest Digital Test Strip Reader	<b>£89.25</b>
<b>A TKTR2082</b>	50 Aquachek Tru Test digital test strips (50's)	<b>£16.25</b>

Improved functions include an auto-timer, colour-matching controls, and expanded instructions. Follow the instruction guide, dip a strip, place on the digital test strip reader, and it does the work for you with no colour matching. Numerical results are displayed along with "low", "ok", and "high" indicators.

## Primelab Reagents

		Price
<b>H PLPD1100</b>	DPD 1 tablets for Chlorine / Bromine - box of 100	<b>£7.50</b>
<b>H PLPD1250</b>	DPD 1 tablets for Chlorine / Bromine - box of 250	<b>£16.55</b>
<b>H PLPD3100</b>	DPD 3 tablets for Total Chlorine - box of 100	<b>£7.50</b>
<b>H PLPD3250</b>	DPD 3 tablets for Total Chlorine - box of 250	<b>£16.55</b>
<b>H PLPPH100</b>	Phenol red pH tablets - box of 100	<b>£7.50</b>
<b>H PLPPH250</b>	Phenol red pH tablets - box of 250	<b>£16.55</b>
<b>H PLPTA250</b>	Total Alkalinity tablets - box of 250	<b>£22.35</b>
<b>H PLHCH1250</b>	Calcium H No 1 tablets - box of 250	<b>£82.65</b>
<b>H PLHCH2250</b>	Calcium H No 2 tablets - box of 250	<b>£82.65</b>
<b>H PLHPLR1100</b>	Phosphate (LR) No 1 tablets - box of 100	<b>£13.25</b>
<b>H PLHPLR2100</b>	Phosphate (LR) No 2 tablets - box of 100	<b>£13.25</b>

Rainbow Lifeguard All In One Test Kit and Reagents are direct replacements for Guardex 4 in 1 test kits and reagents

## Rainbow Lifeguard Test Kits / Reagents

		Price
<b>H RL151246</b>	Rainbow Lifeguard All In One Test Kit - Chlorine, bromine, pH, acid demand, total alkalinity	<b>£37.75</b>
<b>H RL161180</b>	No 2 pH reagent 1 fl oz	<b>£3.65</b>
<b>H RL161182</b>	No 3 pH acid demand reagent 1 fl oz	<b>£3.65</b>
<b>H RL161204</b>	No 4 Chlorine neutraliser reagent 1 fl oz	<b>£3.45</b>
<b>H RL161203</b>	No 5 alkalinity (blue) reagent 1 fl oz	<b>£3.65</b>

# Water Testing - Exact Meters & Reagents

For use with compatible Apple and Android devices – to check compatibility before purchase please go to:  
[www.sensafe.com/idip/compatible-devices/](http://www.sensafe.com/idip/compatible-devices/)

eXact iDip® - Wireless Connectivity from Process-To-Palm  
 The iDip harnesses the power of smart devices and the simplicity of design to handle the heavy load of complex water testing. The smart phone app is designed to work seamlessly with the waterproofed handheld unit with parameter information, data storage and GPS tracking included. The iDip photometer is manufactured using the highest quality standards and is capable of running over 35 water quality tests and counting, new tests are constantly being developed that can be downloaded instantly within the app. The first product in the pool water testing market to provide complete wireless connectivity with many iPhone®, iPad®, and iPod Touch® and Android devices\*

EXEZSK supplied with case, accessories and 25 of each reagent for DPD1, DPD3, pH, T/A, Hardness, Cyanuric, Copper & Salt.

## iDip

		Price
H EXIDIP	Exact iDip - meter only (Reagents not included)	£166.00
H EXIDIPKIT	Exact iDip including case and starter reagents	£252.00

## EZ Photometers

		Price
H EXEZAK	EZ Photometer Advanced Kit - Inc Carry case, 1 x bottle of 25 strips for every test parameter and Salt dilution kit	£295.24
H EXEZSK	EZ Photometer Starter Kit - Inc Carry Case and Basic Reagents	£261.00
H EXEZM	Exact EZ Photometer Meter Only	£173.00

## EZ, iDip & Exact Micro Reagents

		Price
H EXMCLB	DPD 1 - For free Chlorine - 100 strips	£9.65
H EXMTC	DPD 3 - For total Chlorine - 100 strips	£8.50
H EXMOZ	DPD 4 - 100 strips	£12.05
H EXMCOP	Copper (Cu+2) - 50 strips	£12.05
H EXMCYA	Cyanuric Acid II - Liquid Reagents for 60 test	£7.75
H EXMCAL	Hardness, Calcium - 50 strips	£12.05
H EXMPTE	Phosphate - 50 strips	£14.95
H EXMTA	Alkalinity, Total - 100 strips	£12.05

## For Pool EZ & iDip

		Price
H EXIDIPP	pH - 100 strips	£8.65
H EXIDIPSALT	Chloride / Salt II (strips only)	£10.60
H EXSALTDKII	Chlorine / Salt II Starter Kit - Inc Strips & Dilution Kit	£27.85

## For iDip & Micro 10 Only

		Price
H EXMFI	Total Iron, TPTZ (Fe+2/ Fe+3) - 50 strips	£15.45

## For Micro 10 Only

		Price
H EXMSALT	Chloride / Salt II (as NaCl) - 25 strips	£10.60
H EXMPH	pH - 100 strips	£8.65

## Additional Accessories

		Price
H EXMKIT	Certikin Exact Micro 10 Salt Dilution Kit	£17.40
H EXMRSM	Readysnap 3 Ref Standard For EZ - Chlorine	£42.25
H EXMRS	Readysnap 1 Ref Standard For EZ - pH, TA etc	£42.25

# Lovibond® Test Kits & Reagents

CHECKIT test kits with Lovibond CHECKIT comparator and continuous colour scale discs

## Lovibond® Checkit Domestic Test Kits

		Price
H TKL5	CHECKIT Water Balance Test Kit, 5 in 1 (0 - 4.0 ppm Cl, 6.5 - 8.4 pH, 20 - 200 ppm CYA, 0 - 500 ppm Alk (tablet count), 0 - 500 ppm CaH (tablet count))	£165.00
H TKDPH	pH Checkit Disc 6.5-8.4	£26.50
H TKDCL	Checkit Chlorine Disc only (0-5ppm)	£26.80
H TKDBR	Checkit Bromine Disc only	£26.50
H TKKL5CD	Checkit Comparator only	£29.10

## Lovibond® Comparator & Mini Kit Reagents

		Price
H TTDPD1250	250 DPD No1 Comparator Tablets	£14.95
H TTDPD3250	250 DPD No3 Comparator Tablets	£15.50
H TTRED250	250 Phenol Red Tablets for pH	£14.60
H TTALK250F	250 Total Alkalinity Tablets - foil	£16.60
H TTALK250B	250 Total Alkalinity Tablets - bottle	£14.80
H TTHRD250F	250 Calcium Hardness Tablets - foil	£15.50
H TTHRD250B	250 Calcium Hardness Tablets - bottle	£14.80
H TTCYAP100	100 Cyanuric Acid Tablets	£17.80
H TTCYA250	250 CyaTest Cyanuric Acid Tablets	£30.20
H TTCL250	250 Chloride Tablets	£28.00
H TTCUF250	250 Copper (low range) Tablets	£55.80
H TT517652	200 Phosphate No1 & 200 Phosphate No2 tablets - low range combination pack	£43.55
H TTPHMB	PHMB replacement tablet pack (20 of each PHMB, Peroxide & pH)	£10.20

## Lovibond® Comparator System 2000 & Accessories

		Price
H TKAF129K	Chlorine Balanced Water Test Kit (includes reagents) (0.5-6 ppm Cl, 6.8-8.4 pH, 0 - 500 ppm Total Alkalinity, 0-1000 ppm Calcium Hardness)	£364.00
H TKAF126B	Bromine Balanced Test Kit (1 - 10 ppm Br, 6.8 - 8.4 pH, 0 - 500 ppm Total Alkalinity, 0 - 1000 ppm Calcium Hardness)	£364.00
H TK100R	Lovibond Comparator 2000+	£70.10
H TK102R	Portable White Light Source for Lovibond Comparator 2000+ & Rechargeable batteries	£125.00
H TK102BULBS	Bulbs for Portable White Light Source (pair)	£35.05
H TKCHG	Charger for Old Style Portable White Light Source, Plug in UK type	£33.85
H TKDB204/5	5 Plastic Square Test Tubes with Stoppers - 10 ml	£25.00
H TKROD/10	Tablet Crushers / Stirring Rod - pack of 10	£23.25
H TKDC3/40K	Comparator Disc - Chlorine 0.5 - 6.0 ppm (3/40K)	£108.10
H TKDC3/40B	Comparator Disc - Chlorine 0.2 - 4.0 ppm (3/40B)	£108.10
H TKD3/53B	Comparator Disc - Bromine 1.0 - 10 ppm (3/53B)	£108.10
H TKDC2/1J	Comparator Disc - pH Value 6.8 - 8.4 (2/1J)	£108.10
H TKAF631	Pool Water Sampler (bottle assembly)	£68.80

TKPHCL

TKPHBR

## Lovibond® Chlorine/pH Pilot Pooltester

		Price
H TKPHCL	Chlorine/pH Pilot Pooltester, Orange (0.5 - 6.0 ppm Cl, 6.8 - 8.2 pH)	£15.25
H TKPHCL/12	Chlorine/pH Pilot Pooltester, Orange (0.5 - 6.0 ppm Cl, 6.8 - 8.2 pH) - case of 12	£174.50
H TKPHCL5	Multi 5 in 1 Pooltester (Cl, pH, Cya, TA, Cal H)	£42.00

## Lovibond® Bromine/pH Pilot Pooltester

		Price
H TKPHBR	Bromine/pH Pilot Pooltester, Blue (1.0 - 8.0 ppm Br, 6.8 - 8.2 pH)	£18.90
H TKPHBR/12	Bromine/pH Pilot Pooltester, Blue (1.0 - 8.0 ppm Br, 6.8 - 8.2 pH) - case of 12	£217.50

## Lovibond® MINIKITS & Accessories

		Price
H TKAF157/6	MINI Pool Tester Chlorine (0.5-6.0PPM) / pH (6.8-8.2pH) (pack of 6)	£68.00
H TKAF413	MINIKIT Total Alkalinity (0 - 500 ppm)	£30.10
H TKAF416	MINIKIT Calcium Hardness (0 - 500 ppm)	£30.10
H TKAF220	MINIKIT Copper (0-4ppm)	£46.10
H TKAF422	MINIKIT Cyanuric Acid (0 - 200 ppm)	£40.00
H TKAF418	MINIKIT Chloride (salinity) (0 - 5000 ppm Cl)	£37.70
H TKAF540	MINIKIT Phosphate (0.5-4ppm)	£47.00
H TKPHMB	MINIKIT PHMB (Baqucil), Hydrogen Peroxide & pH	£23.30
H TKDB513	100ml Plastic shaker tube with lid	£7.70
H TKAF523	Copper/pH CHECKIT (0.1-0.9 ppm Cu, 6.8-7.8 pH)	£45.85

## Rapid Dissolving Reagents

		Price
H TTREFILL	Refill Pack For Pooltesters - Contains 30 Rapid Dissolving DPD 1's & 30 Rapid Phenol Red	£6.85
H TTDPD1Q100	100 DPD No 1 Tablets, Rapid Dissolving for free chlorine and bromine	£10.40
H TTDPD1Q250	250 DPD No 1 Tablets, Rapid Dissolving for free chlorine and bromine	£14.60
H TTDPD3Q100	100 DPD No 3 Tablets, Rapid Dissolving for total chlorine	£10.10
H TTREDQ100	100 Phenol Red Tablets, Rapid Dissolving for pH	£10.10
H TTREDQ250	250 Phenol Red Tablets, Rapid Dissolving for pH	£14.55

# Lovibond® Test Kits & Reagents

**Lovibond® PM630**  
Complete Pool Photometer with Bluetooth® connectivity Measuring 25 parameters the PM630 offers comprehensive testing for all pool testing needs. Supplied in a carrying case complete with reagents for the main pool parameters chlorine, bromine, pH, total alkalinity and cyanuric acid

TKRSMO

Handheld water resistant photometer covering the main pool parameters. Features one times zero option, storage with real time clock for over 100 readings and backlit display. Supplied in case with reagents for 100 off each of the tests

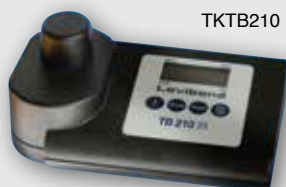

TKP6MD

TKP3MD

TKAF129K

TKTB210

For Comparator Reagents please see page 289

## Lovibond PM Photometer

		Price
<b>H TKPM600</b>	Alkalinity 5-500 mg/l; Alkalinity Total M 5-200 mg/l; Bromine 0.05-13 mg/l; Free Chlorine 0.01-6; Total 0.1-10 mg/l; Copper 0.05-5 mg/l; Cyanuric Acid 0-160 mg/l; Calcium Hardness 0-500 mg/l; Iron 0.02-1 mg/l; Ozone 0.02-2 mg/l; Phosphate 0.05-4 mg/l; pH Value 6.5-8.4; Sodium Hypochlorite 0.2-16 % NaOCl	<b>£589.00</b>
<b>H TKPM630</b>	Active Oxygen 0-10mg/l, Alkalinity 0-200mg/l, Aluminium 0-0.3mg/l, Ammonia 0-1mg/l, Bromine 0-13mg/l, Calcium Hardness 0-500mg/l, Chlorine (free & total) 0-6mg/l, Chlorine Extended 0-10mg/l, Chlorine Dioxide 0-11mg/l, Copper 0-5mg/l, Cyanuric Acid 0-160mg/l, Total Hardness 2-50 & 20-500mg/l, Iron 0-1mg/l, Iodine 0-3.6mg/l, Ozone 0-2mg/l, pH 6.5-8.4, PHMB 2-60mg/l, Phosphate 0-4mg/l, Sulphate 5-100mg/l, Sodium Hypo 0.2-16%, Urea 0-5mg/l	<b>£715.00</b>

## Lovibond® Turbidity Meter

		Price
<b>H TKTB210</b>	Turbidity Meter with infrared light source	<b>£835.00</b>

# Palintest Testing & Reagents

## Palintest 3 Photometer

	Price
<b>H TKPT3</b> Palintest Pooltest 3 Photometer Compact, 0 - 5.0 ppm Chlorine; 6.5 - 8.4 pH; 0 - 200 ppm Cyanuric Acid. Supplied with a soft carry case	<b>£295.00</b>

## Palintest 6 Photometer

	Price
<b>H TKPT6</b> Palintest Pooltest 6 Photometer Compact 0 - 5.0 ppm Chlorine; 0 - 5.0 ppm Bromine; 6.5 - 8.4 pH; 0 - 500 ppm Alkalinity; 0 - 200 ppm Cyanuric Acid; 0 - 500 ppm Calcium Hardness. Supplied with a soft carry case.	<b>£416.00</b>

## Palintest 9 Photometer - With Bluetooth

	Price
<b>H TKPT9</b> Pooltest 9 Professional Photometer 0-5.0ppm Chlorine; 0-10ppm Bromine; 0-2.0ppm Ozone; 0-5.0ppm Copper; 6.8-8.4pH; 0-500ppm Alkalinity; 0-200ppm Cyanuric acid; 0-500ppm Calcium hardness. Supplied with a hard case and accessories.	<b>£635.00</b>

## Palintest 25 Photometer - With Bluetooth

	Price
<b>H TKPT25P</b> Pooltest 25 Professional Photometer 0-5.0ppm Chlorine (free and total); 0-10ppm Bromine; 0-100ppm PHMB; 6.8-8.4pH; 0-500ppm Alkalinity; 0-200ppm Cyanuric acid; 0-500ppm Calcium Hardness; 0-1.0 Iron; 0-5.0ppm Copper (free and total); 0-10,000ppm Salt; 0-2.0ppm Ozone; 0-200ppm Sulphate; 0-500ppm Chloride; 0-500ppm Total Hardness; 0-0.5ppm Aluminium; 0-100ppm Nitrate; 0-1.0ppm Ammonium; 0-4.0ppm Phosphate; 0-0.03ppm Manganese; 0-250ppm Chlorine HR; 0-100ppm Hydrogen Peroxide HR. Supplied with a hard case and accessories.	<b>£797.00</b>

## Photometer Reagents & Accessories

	Price
<b>H TPPDPD1250</b> AP011 Free Chlorine - 250 tablets	<b>£17.20</b>
<b>H TPPDPDX1250</b> AP013 Free Chlorine (0-10ppm) for Pro/Premier Models	<b>£21.85</b>
<b>H TPPDPD3250</b> AP031 Total Chlorine - 250 tablets	<b>£17.20</b>
<b>H TPPDPDX3250</b> AP033 Total Chlorine (0-10ppm) for Pro/Premier Models	<b>£21.85</b>
<b>H TPPCHL250</b> AP162 Chlorine HR - 250 tablets	<b>£76.55</b>

<b>H TPPGLY250</b> AT056 DPD Glycine - 250 tablets	<b>£33.15</b>
<b>H TKPT524/5</b> 5 Replacement plastic T/T (round with cap) (PT925)	<b>£29.50</b>
<b>H TKPT595/5</b> 5 Replacement glass T/T (round /cap) for Pooltest 9 & 25	<b>£48.15</b>
<b>H TKPT555/5</b> 5 Replacement glass T/T (short /cap for Pooltest 3 & 6)	<b>£48.15</b>
<b>H TPPTTBR</b> PT633 Test tube brush	<b>£6.40</b>
<b>H TPPCS3</b> SPC006 Pooltest 3 & Pooltest 6 check standards	<b>£62.50</b>
<b>H TPPCS9</b> PT232 Pooltest 9 check standards	<b>£63.50</b>
<b>H TPPCS9P</b> PT791 Pooltest 9 professional check standards	<b>£87.30</b>
<b>H TPPCS25P</b> PT804 Pooltest 25 Professional Check Standards	<b>£65.30</b>

TKPT3

Pooltest 3 photometer accessories include 2 test tubes, cleaning brush, crush / stirring rods, reagents for free and total chlorine, pH phenol red, cyanuric acid and instructions. Supplied in soft case with belt loop.

TKPT6

Parameters measured include free and total chlorine, pH (phenol red), alkalinity and calcium hardness for effective pool management. Supplied in a soft case and all required components to start testing straight away. Simple tablet reagent methods – stable, portable and suitable for all users. Waterproof with a large, back lit LCD screen – ideal for any location. Chlorine ranges can be either standard range (0 – 5 ppm) or extended range (0 – 10 ppm) using Palintest DPD methods.

TKPT9

Including the nine most important pool and spa parameters, water quality testing has never been so simple. Features include: Single-key direct access to any of the key tests. Download results from the on-board data log via Bluetooth® SMART or USB and share with colleagues and customers using the Aqua Pal app.

TKPT25P

Designed for the pool professional, take complete control with the most comprehensive range of test parameters in a pool photometer. Supplied in a variety of kit formats and now with Bluetooth® SMART connectivity. Featuring both Bluetooth® SMART connectivity and USB port, data download and sharing with the team via smartphones and tablets has never been so easy.

## Palintest Domestic Test Kits & Reagents

	Price
<b>H TK3755</b> Chlorine/ pH / TA Test Kit (blue box)	<b>£18.30</b>
<b>H TK3755/12</b> Chlorine/ pH / TA Test Kit (blue box) - case of 12	<b>£211.60</b>
<b>H TK3754</b> Bromine/ pH/ TA Test Kit (blue box)	<b>£18.70</b>
<b>H TK3754/12</b> Bromine/ pH/ TA Test Kit (blue box) - case of 12	<b>£214.00</b>
<b>H TPDPD1Q250</b> 250 DPD No1 - Test Tabs Rapid Dissolving	<b>£15.65</b>
<b>H TPDPD3Q250</b> 250 DPD No3 Rapid Dissolving Tablets	<b>£17.10</b>

	Price
<b>H TPDPD1250</b> 250 DPD 1 Tablets	<b>£16.15</b>
<b>H TPDPD3250</b> 250 DPD 3 Tablets	<b>£16.15</b>
<b>H TPRED250</b> 250 pH Phenol Red Tablets	<b>£15.65</b>

# Certikin UV Systems - Domestic Use

## Bring water to life with CUV's

CUV's ensure that your swimming pool water will have amazing clarity, by killing the single cell algae that causes green water.

All of the CUV units have been designed using the latest design technology to ensure that the water will flow effectively within the unit, allowing the ultraviolet light to destroy the algae as it passes through.

Not only does the CUV look very stylish, making it a fantastic addition to any pool, but it has been designed with a fully UV stabilised, tough outer casing. This means that the CUV can withstand upto 4 Bar pressure.

The CUV has a low energy, electronic ballast that is positioned in a fully water tight compartment, fused with full thermal overload protection. Each CUV is built with both safety and low running costs in mind.

All units are supplied with 1.5" plain socket connections.

Every CUV is simple to install, and are supplied with pre-fitted stainless steel mounting brackets that allow you to fix the unit horizontally or vertically.

All units are compatible with salt chlorinators.

The CUV comes complete with a 2 year guarantee for total peace of mind.

## Replacement Lamps

		Price
<b>D SPCUV15B</b>	15 Watt lamp	<b>£20.00</b>
<b>D SPCUV25B</b>	25 Watt lamp	<b>£25.00</b>
<b>D SPCUV30B</b>	30 Watt lamp	<b>£31.50</b>
<b>D SPCUV55B</b>	55 Watt lamp	<b>£42.00</b>
<b>D SPCUV75B</b>	75 Watt lamp	<b>£52.00</b>

Replacement Lamps - The approximate lifespan of a Certikin UV bulb is 9,000 hours (approximately 1 year). The bulb should be replaced after this running time.

UV Strainer

## UV Strainers

		Price
<b>D GP112IS</b>	UV system 1.5" in-line strainer	<b>£210.00</b>

# Blue Lagoon UV Systems

## Blue Lagoon Saltwater UV System

		Price
<b>D UVSALT40</b>	Blue Lagoon 40W Saltwater UV system	<b>£552.00</b>
<b>D UVSALT75</b>	Blue Lagoon 75W Saltwater UV system	<b>£594.00</b>

Suitable for pools with salt chlorinators

- White reflecting polycarbonate housing – corrosive resistant up to sea water levels
- Has a straight outlet for a more compact installation
- Easy installation and maintenance
- 2-year guarantee with respect to manufacturing faults

## Blue Lagoon UV-C Tech System

		Price
<b>D UVCT40</b>	Blue Lagoon 40W Tech UV-C System	<b>£464.00</b>
<b>D UVCT75</b>	Blue Lagoon 75W Tech UV-C System	<b>£506.00</b>
<b>D UVCT130</b>	Blue Lagoon 130W Tech UV-C System	<b>£1051.00</b>

## Blue Lagoon Ozone UV-C

		Price
<b>D UVC075</b>	Blue Lagoon 75W Ozone UV-C System	<b>£1190.00</b>

The combination of ozone and UV-C, integrated in this smart designed purifier, ensures fresh and healthy pool water with the possibility of using a minimum use of chlorine.

Timer System

UVC16  
Spa System

## Spa Tech & Pool Timer Systems

		Price
<b>D UVC16</b>	Blue Lagoon 16W Spa UV system (no countdown timer)	<b>£389.00</b>
<b>D UVC40</b>	Blue Lagoon 40W UV timer system	<b>£563.00</b>
<b>D UVC75</b>	Blue Lagoon 75W UV timer system	<b>£683.00</b>
<b>D UVC130</b>	Blue Lagoon 130W UV timer system	<b>£1498.00</b>

All models include a Philips UV-C lamp with 9,000 operating hours. 130w system (only) has an amalgam lamp and flow sensor

- Built-in electronic pre-selector to ensure a smooth power supply
- Up to 35% more UV-C yield as a result of reflection
- Integrated adjustable lamp countdown timer for the UV-C lamp
- Digital indication when the lamp needs replacing
- 316L stainless steel (earthed) housing
- Easy installation and maintenance
- 2-year guarantee with respect to manufacturing faults

Please Note: Blue Lagoon Timer System is not recommended for use with Salt Chlorinators

## Advantages of UV-C treatment:

- Disinfects water efficiently and safely
- Bound (combined) chlorine is broken down by UV-C light
- Protects your pool from germs
- Keeps the formation of mould, bacteria and algae under control
- Can reduce the use of chlorine and other chemicals up to 80%
- Prevents the smell of chlorine and irritation to the skin and eyes
- More environmentally-friendly than traditional methods

# Blue Lagoon UV - Light Commercial Use

## Blue Lagoon Pro (3 bar)

The Pro has the same features as the Timer system above and in addition:

- Both 75W and 130W models have a flow sensor
- Solid 316L stainless steel housing

The housing of the Buster UV-C has been made out of 316L stainless steel with a 3cm thick UV-C resistant PVC lid and bottom. Which makes it the perfect disinfection solution for (higher-end) pools.

## Blue Lagoon Pro

		Price
<b>D UVPRO75</b>	Blue Lagoon Pro 75W	<b>£1395.00</b>

## Blue Lagoon Buster UV-C

		Price
<b>D UVBUS390</b>	390W system for large domestic / light commercial pools.	<b>£3900.00</b>

- A built-in electronic ballast to ensure a smooth power supply
- Up to 30% more UV-C yield as a result of reflection by the Stainless steel reactor
- A flow switch integrated in the lid of the unit (390W version) will turn off the lamp at insufficient water flow
- Integrated LED-Timer for the UV-C lamp(s) with visual indication when the lamp needs replacing
- Transparent lamp head for easy visual lamp inspection
- Interchangeable supports allows for easy installation horizontally and vertically
- 2" male threaded. Please notice the correct grounding!

## WF Range

The worlds' most compact medium pressure UV system for swimming pools and aquatics. With optimised hydraulic performance for increased efficiency and special TWISTLOK lamp design for enhanced safety, the WF series offers both significant installation and operational benefits.

### Included in the WF range:

- Fully variable power
- Strainer basket
- UV monitoring
- Modbus interface

### Optional extras - Prices on application (POA)

- Manual wiper system
- Automatic wiper system
- Extra cable

For more information, prices and specifications please contact the Commercial Department on 01993 777200

# Prozone Eco Master For Residential Pools & Spas

## Eco Master

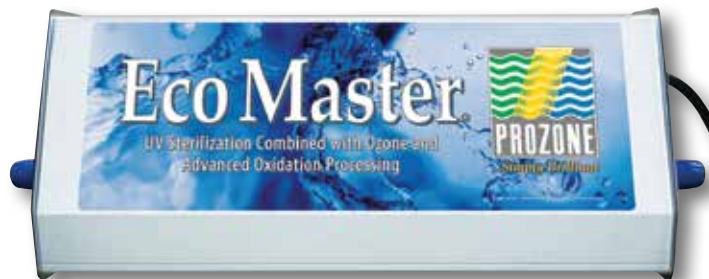

Light years ahead of the Traditional UV-C and Ozone

The Eco Master combines state-of-the-art UV-C germicidal with Ozone and Advanced Oxidation Processing (AOP) all in one compact system for pools and spas for the most powerful water treatment on the market.

Pool and spa owners are discovering the benefits of Advanced Oxidation Processing (AOP), creating healthy and sparkling water, with no harmful by-products. Eco-friendly Ozone and Hydroxyl Radicals are created on site, using Advanced Oxidation for the most effective sanitation system available. Ozone and Hydroxyls are created inside the unit, and then injected into the water flowing through a pure quartz glass tube where it goes to work, oxidising and precipitating the water, destroying contaminants it comes in contact with, making it clean as pure drinking water.

Please note, although the Eco Master is a chemical free cleaning of the water in the plantroom, a background sanitiser is required inbetween treatments. Please also be aware that a degasser unit is recommended particularly for indoor pools. Should be installed at least 2 feet above the maximum water level. Any questions please contact CertiChem technical for clarification.

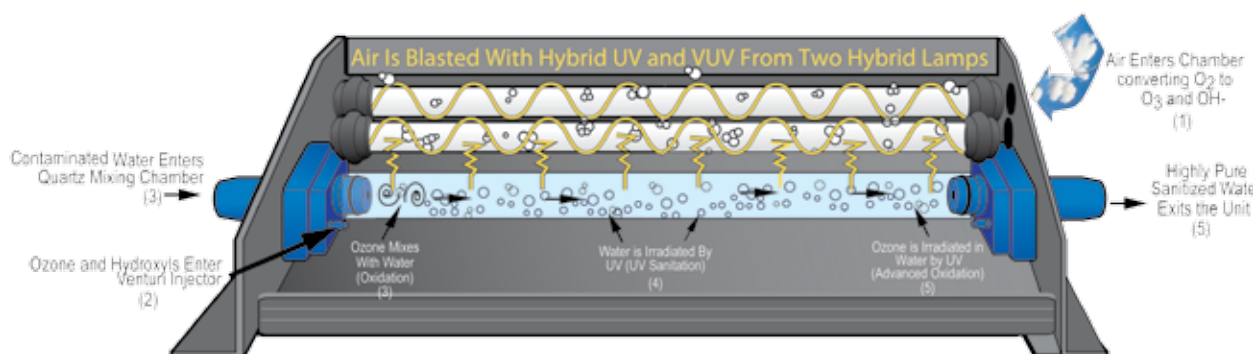

## Prozone Eco Master

		Price
<b>D</b>	<b>PZEMPOOL</b> Eco Master for domestic pools up to 33,200 gallons (150m3)	<b>£1340.00</b>
<b>E</b>	<b>PZEMPRBK</b> Eco Master pool replacement box including lamps	<b>£720.00</b>
<b>D</b>	<b>PZEMSPA</b> Eco Master for domestic spas up to 666 gallons	<b>£504.00</b>

## Benefits

- Complete Oxidation of Organics and Chloramines
- Destroys Toxic Organics and Chemicals
- Converts Oils To Filterable Solids
- Compatible With All Chemicals, pH Neutral
- Provides High AOP and Peroxide Residual
- Reverts Back to Oxygen
- Eliminates Odours and Scaling
- Eco Master is UR Component Recognised by Underwriter's Laboratories Inc
- Patented Advanced Technology, Innovative Design Like No Other

## How It Works...

1. Air enters the unit where the Hybrid lamp converts it to Ozone ( $O_3$ ) and Hydroxyls ( $OH\cdot$ )
2. Water enters the unit through the Dynamic Venturi Injector drawing  $O_3$  and  $OH\cdot$  from the Hybrid lamp chamber
3. Static mixer combines water,  $O_3$  and  $OH\cdot$  in a scrambled flow
4. Water is irradiated by Germicidal UV-C which converts  $O_3$  to Hydroxyl Radicals and Peroxides through Advanced Oxidation Processing
5. Contaminants are destroyed by intense Germicidal UV-C, Ozone and Hydroxyl Radicals, using up the Ozone and adding ORP and residual sanitation to the water.

## Prozone - Residential Pools & Spas

### Certikin Prozone Ultra Violet Ozone Units - PZVII Venturi

			Price
<b>D</b>	<b>PZ7-1</b>	PZVII-1 Ozonator Venturi driven rated up to 15,000 gallons (68m³) C/W adjustable saddle clamps	<b>£799.00</b>
<b>D</b>	<b>PZ7-2</b>	PZVII-2 Ozonator Venturi driven rated up to 33,000 gallons (150m³) C/W adjustable saddle clamps	<b>£1065.00</b>

### Certikin Prozone Ultra Violet Ozone Units - PZ1 Venturi

			Price
<b>D</b>	<b>ZZPZ1</b>	PZ1 Ozonator Venturi driven - for portable spa applications up to 625 gallons - Bypass kit included	<b>£328.00</b>
<b>D</b>	<b>PZ1</b>	PZ1 replacement ozonator only - no fittings included	<b>£162.00</b>

### Certikin Prozone Ultra Violet Ozone Units - PZ2 Venturi

			Price
<b>D</b>	<b>PZ2-4V</b>	PZ2-4V Ozonator Venturi driven rated up to 83,500 gallons (380m³) C/W adjustable saddle clamps	<b>£2350.00</b>

### Optional Degasser & Solenoid Valve

			Price
<b>D</b>	<b>PZ2-DG1/2</b>	Degasser unit - for all models up to PZ2-2	<b>£990.00</b>
<b>D</b>	<b>PZ2-DG12B</b>	Degasser unit - for models PZ2-4 to PZ2-8	<b>£1070.00</b>
<b>Q</b>	<b>BU01/4</b>	0.25" Burkert 240v solenoid for ozone use	<b>£250.00</b>

### Prozone Units

- Prozone must be used in conjunction with a residual sanitiser (Chlorine or Bromine) and not with PHMB
- PZ7-1 and PZ7-2 - For residential pools and spas and light use commercial spas where the pressure differential across the filter is good. Comes complete with Venturi bypass plumbing installation kit.
- Adjustable saddle clamps fit 1.5-2" pipework
- In some installations a solenoid valve may be required to prevent pump losing prime, or to prevent possible water damage to ozonator when circulation pump is switched off.
- Degassing unit - these are designed to remove 99% of excess air and ozone. Optional, but especially recommended for indoor pools.

Compatibility Chart	Venturi Driven	Compressor
Infloor Cleaner	✗	✓
Non Adjustable Jets	✗	✓
Adjustable Jets	✓	✗
Pools with equipment below the waterline	✗	✗

# Prozone For Commercial Pools & Spas

For installations where the unit is positioned below water level a solenoid valve must be installed to prevent possible water damage to the unit when the circulating pump is switched off. Prozone must be used in conjunction with a Residual Sanitiser (Chlorine or Bromine) and not with PHMB.

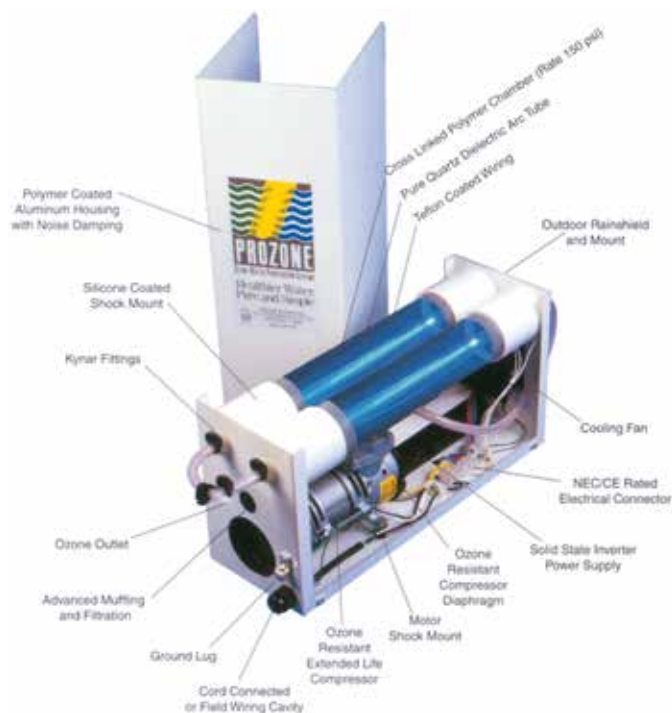

Do not use Coloured Sodium Hypochlorite

PZ2 Series - For residential, hotel and school pools including hydrotherapy pools and heavy use commercial spas. These compressor driven units come complete with Venturi bypass plumbing installation kit.

Sizing for pools & spas	Chlorine	Bromine
PZ2-1 (for pools)	20,000 gallons (90m <sup>3</sup> )	10,000 gallons (45m <sup>3</sup> )

# Salt Chlorinators - Autopilot

## Autopilot Digital Salt Chlorine Generators

Price

<b>Q</b>	<b>APSC36</b>	A/pilot Digital Salt Chlorinator - for pools up to 150m <sup>3</sup>	<b>£1730.00</b>
<b>Q</b>	<b>APSC48</b>	A/pilot Digital Salt Chlorinator - for pools up to 185m <sup>3</sup>	<b>£2220.00</b>
<b>Q</b>	<b>APSC60</b>	A/pilot Digital Salt Chlorinator - for pools up to 225m <sup>3</sup>	<b>£2500.00</b>

- Low minimum salt level. Operates at only 2,500ppm (2.5kg salt/ 1m<sup>3</sup>)
- Market leading technology with a fluorescent digital display which reads out the salt level and calculates how much salt needs to be added to prevent overdosing.
- Displays temperature, flow and diagnostics
- Choice of superchlorination modes (24 & 72 hours)
- Patented bypass manifold system for ease of installation and efficient chlorine delivery
- Self cleaning cell which operates in water up to 40°C and a salt content up to 35,000ppm
- Built-in temperature compensation for output and freeze protection for over winter
- Time clock to operate the pump built-in and push button controls. For this function request additional relay at point of ordering (SPAPPR) - FOC.

Autopilot Cell Manifold

Autopilot Digital Salt Chlorine Generators

## Autopilot Nano

Price

<b>Q</b>	<b>APNANO</b>	Pool Pilot Digital Nano for pool up to 105m <sup>3</sup>	<b>£998.00</b>
<b>Q</b>	<b>APNANOPLUS</b>	Pool Pilot Digital Nano Plus for pool up to 120m <sup>3</sup>	<b>£1115.00</b>

Pool Pilot Digital Nano features include microprocessor controls with a digital read-out of pool water temperature, current salt level, chlorinator production level and more. It also tells you how much salt to add should it run low. Autopilot's patented manifold (as pictured) is included with both Nano models as standard.

- Low minimum salt level - operates at only 2,500ppm (2.5kg salt/ 1m<sup>3</sup>)
- Patented bypass manifold system for ease of installation and efficient chlorine delivery
- Self cleaning cell which operates in water up to 40°C and a salt content up to 35,000ppm

Autopilot Nano

## SpaPilot - Spa Sanitising System

Price

<b>Q</b>	<b>APSP</b>	For domestic spas - up to 1,000 gallons / 4.5m <sup>3</sup>	<b>£445.00</b>
----------	-------------	---	----------------

The SpaPilot is a salt chlorine generator designed specifically for portable spas. The flush mount controller with in-line cell can be installed in new tubs or retro fitted.

- Produces 9g of chlorine per hour
- Low Salt Level - designed to operate at only 1300 ppm (1.3kg salt/ 1m<sup>3</sup>)
- Digital display
- Push button controls
- Boost button and Boost LED indicator
- Built in diagnostics and error reporting

		Price
X	<b>TRI10</b> TRi Salt Chlorinator - for pools up to 40m <sup>3</sup>	<b>£1235.00</b>
X	<b>TRI18</b> TRi Salt Chlorinator - for pools up to 70m <sup>3</sup>	<b>£1520.00</b>
X	<b>TRI22</b> TRi Salt Chlorinator - for pools up to 100m <sup>3</sup>	<b>£1760.00</b>
X	<b>TRI35</b> TRi Salt Chlorinator - for pools up to 170m <sup>3</sup>	<b>£2225.00</b>
X	<b>ZZTRIPH</b> pH Controller (Acid Only) for all size Tri Salt Chlorinators	<b>£721.00</b>
X	<b>ZZTRIPRO</b> Tri-Pro - pH & ORP Controller	<b>£638.00</b>

- Upgradeable salt chlorinator
- Plug and play pH or pH & ORP modules optional extras
- Large backlit LCD display
- Flow switch incorporated into the cell
- "Low mode" operation option reduces production if the pool is covered
- Superchlorinate at the touch of a button
- Adjustable polarity reversal time periods for hard water areas
- Check compatibility of heating equipment before installation
- 3 year unconditional warranty
- In-built timer
- Minimum salt level 4,000ppm (4kg salt/1m<sup>3</sup>)

## Ei2 Expert Salt Chlorinators

		Price
X	<b>EIC10E</b> Ei 10 Salt Chlorinator - for pools up to 40m <sup>3</sup>	<b>£1015.00</b>
X	<b>EIC18E</b> Ei 18 Salt Chlorinator - for pools up to 70m <sup>3</sup>	<b>£1165.00</b>
X	<b>EIC25</b> Ei 25 Salt Chlorinator - for pools up to 110m <sup>3</sup>	<b>£1405.00</b>

- 3 models offering chlorine production from 10 to 25 grams per hour
- Simple, easy "no plumbing" installation using a unique "Quick Fix" cell
- Self-cleaning cell
- No flow detector
- Programmable timer
- User friendly LCD screen menu
- Titanium electrode with long lasting surface treatment
- 2 year unconditional warranty
- Minimum salt level 4,000ppm (4kg salt/1m<sup>3</sup>)

## pH Expert - Includes Probe & Fittings

		Price
X	<b>BASPHP</b> 'pH Expert' - pH regulation or all types of in-ground pools up to 150 m <sup>3</sup>	<b>£612.00</b>
X	<b>EXPOD</b> Pod Kit - Optional extra for use with pH Expert or Chlor Expert	<b>£138.00</b>

The pH Expert uses proportional dosing technology to maintain pH at a set point. The dosing time is automatically adjusted depending on the difference between the pH of your swimming pool and the pH set point.

Range is 0 - 14 pH. Accuracy of +/- 0.1

All installation fittings are included, with the exception of chemical holding tanks. See page 323 for tank selection.

## Chlor Expert - Includes Probes & Fittings

		Price
X	<b>CEXPRT</b> Chlor Perfect - for all types of in-ground swimming pools from 30 m <sup>3</sup> to 150 m <sup>3</sup>	<b>£710.00</b>

Chlor Perfect continually measures the disinfecting ability of the water (otherwise known as the O.R.P or 'Redox Potential') and then accurately doses the required quantity of liquid chlorine (sodium hypochlorite) to maintain disinfectant at desired levels. It has a 'Boost' function to superchlorinate at the touch of a button and an alarm to warn of overdosing and empty chlorine tank. Can be run alongside the 'pH Expert' for a more complete low maintenance water treatment routine.

## Salt Chlorinator Extras

		Price
G	<b>MNA25</b> Granular Salt - 25kg sack	<b>£19.95</b>
H	<b>TKSALT</b> Electronic test pen for salt (0-10,000ppm)	<b>£131.25</b>
H	<b>CKSA</b> Sacrificial anode for salt chlorinator	<b>£185.00</b>
H	<b>CKRSA</b> Replacement sacrificial anode	<b>£124.00</b>

Ei2 Salt Chlorinator

Ei can be installed in 10 minutes using a 'QuickFix' no plumbing system

pH Expert

Chlor Expert

### Sacrificial Anode

Designed for new installations but can be easily fitted to existing installation. The sacrificial zinc anode protects heaters, pool lights and rails from damage due to galvanic corrosion. 4 feet of copper bonding wire is included.

# Ionic & Mineral Purification

## Fusion Combi Purifier & Chlorine Dispenser

Fusion offers a blend of two treatments to help provide safe, clear and inviting water very simply. Nature 2 mineral water purifier combined with an integrated stabilised chlorine tablet dispenser. Multi-functional Chlorine tablets are not to be used.

- Only 1 model with 4 cartridges to treat 20-180 m<sup>3</sup>
- Double treatment effect (anti-algae, water clarity) & chlorine sanitiser
- 3-year warranty
- Super simple: no plumbing, electricity, calibration or programming
- Adaptor kit for above-ground pools included

## Aligator

Price

<b>F AG1600</b>	Aligator ionizing system - for domestic pools 500-22,000 gallons (up to 100m <sup>3</sup> )	<b>£1098.00</b>
<b>F AG2500</b>	Aligator ionizing system - for domestic pools 16,000-44,000 gallons (100-200m <sup>3</sup> )	<b>£1364.00</b>

- The Aligator works by harmlessly charging ions in the water which creates a residual disinfectant / algicide throughout the whole pool. No need for algicide or clarifiers
- Once the size of the pool has been entered into its computer, the computer continually monitors the condition of the electrodes and the pool water, and will alert the user if attention is needed by a flashing red light and an audio alarm.
- Gives considerable savings over conventional chemical sanitisation up to 75%.
- Commercial units are available - price upon application.

## Puronizer Ionic Purifier

Price

<b>G ION20</b>	Puronizer for pools up to 90m <sup>3</sup> (20,000g)	<b>£875.00</b>
<b>G ION30</b>	Puronizer for pools up to 135m <sup>3</sup> (30,000g)	<b>£1144.00</b>
<b>G ION40</b>	Puronizer for pools up to 180m <sup>3</sup> (40,000g)	<b>£1309.00</b>

Manufactured in Britain, the Puronizer is a tried and tested product which uses charged ions to kill bacteria and algae. A simple to use method of ensuring quality water with very little effort.

Chlorine consumption is reduced by up to 60% making it particularly ideal for those sensitive to chlorine eg asthmatics.

Less maintenance and low running costs.

## Nature² Water Purifier

Price

<b>X NA200EX</b>	Nature² Express for inground pools up to 16,500 gallons (75m <sup>3</sup> ) Easy to install or retro-fit includes vessel and cartridge	<b>£195.00</b>
<b>X NA200EXC</b>	Nature² Express Replacement Cartridge only	<b>£79.50</b>
<b>X NA200G25</b>	Nature² G25 Replacement Cartridge only	<b>£71.00</b>
<b>X NA200G35</b>	Nature² G35 Replacement Cartridge only	<b>£85.00</b>

# Blue Connect Plus - The Smart Pool Analyser

## 4-in-1 sensor:

- pH
- Redox (ORP)
- Conductivity
- Temperature

## Plug & Play:

Blue Connect is a floating device easily installed in the pool. The battery and the probe can be changed without tools and in just a few seconds.

## Always connected :

- **Sigfox:** Blue Connect continuously sends the data to the cloud via a network dedicated to connected devices.
- **Bluetooth:** take an instant measure directly with Bluetooth.
- **Wi-Fi:** use Blue Connect with your Wi-Fi thanks to Blue Extender.

## Please note:

Visit [www.sigfox.com](http://www.sigfox.com) to check coverage in your area.

Available  
SPRING  
2018

Blue Connect, the smart pool analyzer, is a smart device that combines a water quality sensor & smart algorithms which mix water data, weather data and user data.

Blue Connect and its smartphone app help you look after your pool 24/7, even if you are away. No more uncertainty about what is happening in your pool

## Blue Connect Plus

Q	BLUEC001	Blue Connect Plus Device	£399.00
Q	BLUEC002	Blue Connect Plus Extender	£49.00

The user accesses the data of his swimming pool wherever he wants and when he wishes on his smartphone thanks to the Blue Connect app.

- Water & weather data inform you when you can enjoy your pool
- Notifications are sent when action is required
- Personalized advices help to optimize the use of chemicals.
- Peace of mind for the maintenance of your pool

## YOUR ULTRAVIOLET DISINFECTION BRAND

### UV-C benefits:

- Can reduce the level of chlorine and other chemicals up to 80%
- UV-C is effective against all micro-organisms
- Vastly improved water quality and a more pleasant bathing environment
- No red eyes or skin irritation
- No problems for people with asthma or allergies
- Crystal clear water and fresh clean air
- Breaks down chloramines and other organics
- Less use of other chemicals for water treatment
- No chemical byproducts created by the UV-C system
- Fully automatic and cannot be overdosed
- Lower cost in chemicals, energy and maintenance
- UV-C is a non hazardous, green technology

# Accu-Tab & Sagewash

Available  
through specialist  
dealers only

## Accu-Tab Systems

- Accu-Tab system delivers crystal clear water with minimum hassle
- High reliability, low maintenance system
- Consistent, effective and accurate chlorine delivery
- Accu-Tab does not contain cyanuric acid (sunlight stabiliser)
- Accu-Tab PowerBase chlorination units and stand alone feeders are available as required
- Accu-Tab 3" 325g Blue SI calcium hypochlorite tablets are designed for use in Accu-Tab chlorinators. Tablets contain scale inhibitor and are 65% minimum available chlorine
- Accu-Tab is sold only through authorised dealers, contact CertiChem Water Treatment for further information on 01993 778855

## Sagewash Cleaning System

Suitable for poolside, changing rooms, toilet facilities, decking areas / outside dining, sauna, steamrooms and thermal cabins.

- Saves time and labour
- Reduced cost and usage of cleaning chemicals
- No batch mixing - automatic dispensing
- No rinsing required
- Less than 1p per gallon
- Solution certified to European regulations
- WHO - World Health Organisation approved
- ORP - Oxidation Reduction Potential MV levels = 700 plus.
- 120 times more effective than bleach
- HSE registered for UK use

Certified to be effective against Noro virus, Legionella, Pseudomonas, MRSA, E.coli, Swine Flu. It also eliminates odours and bad smells and controls algae and mould growth.
