Catalina Swimspas From Certikin

A Swimspa for your health

Enjoy all the health benefits without having to venture out of your own garden. Your Swimspa has both health and therapy benefits. Vertical water exercises come highly recommended by doctors. The healing powers of water is not limited to an age group or the physical condition of a person. This means every member of the family can enjoy the benefits. It helps to increase mobility, eases stiff joints, helps with pain relief and reduces stress.

The technical details are subject to change in line with continuous product development. All Swimspas include Thermo Pane Foam Insulation and Ozone.

Fantasy Spas From Certikin

Easy to setup and simple to use and maintain, welcome to the world of Rotational Moulded spas. A light weight affordable alternative to the traditional acrylic spa.

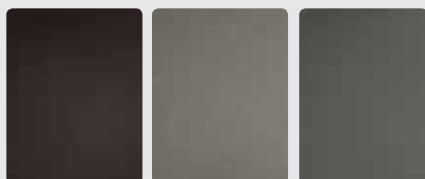

Fantasy Spas are manufactured to be portable, durable and affordable and only need a 13 Amp supply. With a durable RokSolid™ shell, our spas are built to withstand the elements and will provide enjoyment for years to come.

Beyond the easy set-up, a Fantasy Spa is easy to maintain. It's constructed of technologically advanced polymers. The unicast shell is beautiful, but RokSolid™ is virtually impervious to the elements.

As the years go by you'll appreciate the low operating costs resulting from the Fantasy Spa's intelligent engineering. The walls of each spa are completely filled with polyurethane insulation providing maximum efficiency and strength.

Also enjoy Fantasy Spa exclusive dual speed therapy systems. In each unit you can soak while being gently massaged with the lighter speed setting or vigorously massaged on high speed depending on your desire or needs. Standard equipment also includes a colour cover with lock down clips adding convenience and safety to your spa experience.

5 Step Program

To managing your leisure water quality

Reliable, essential and increasingly high tech, **DOSING PUMPS** and **CONTROL SYSTEMS** quietly go about the business of delivering regular and accurate amounts of chemical into swimming pools.

Selecting the right product for your wet leisure facility can be a stressful and daunting experience with many variables to consider. From enquiry to initial survey; specification to installation; servicing and maintenance, we've got it covered.

The CertiDos **5 STEP PROGRAM** has been developed to make the process as easy as possible resulting in happy customers.

Iberspa Inground Domestic Spas

The new range of Certikin Iberspa Domestic inground spas takes the knowledge and experience of the Iberspa factory to produce an exclusive range of inground domestic spas. These spas take the multi-jet arrangement of portable spas but with the design structure and layout for inground installations. All the spas have integrated leg kits and pre-plumbed pipework layouts that terminate in a single location.

For detailed drawings with precise dimensions on please contact the Commercial department on 01993 778855.
